Directory of Chinese Officials and Organizations

A Reference Aid

Information available as of 10 April 1991
was used in the preparation of this publication.

Preface

This directory identifies individuals who hold important positions in the People's Republic of China. Information was drawn primarily from Chinese press releases received through 10 April 1991. The earliest and latest dates specifically identifying persons in their positions are included. The names of females are followed by (f). Also included are a table of contents and indexes to organizations and personalities, the latter with Standard Telegraphic Codes, where available. The orthography adopted is the Pinyin system for the romanization of Chinese characters. When romanized versions of Uyghur, Tibetan, and other minority names are known, they are used; otherwise the Chinese phonetics of those names are rendered in Pinyin.

This reference aid supersedes the *Directory of Chinese Officials and Organizations* (LDA 89-10270) published in July 1989.
